

## **Discover the MPA Master Programme at VU Amsterdam!**

Are you passionate about solving complex societal issues in health and life sciences? The *Master's programme in Management, Policy Analysis, and Entrepreneurship in the Health & Life Sciences (MPA)* at Vrije Universiteit Amsterdam is designed for you!

### **What is the MPA Master Programme About?**

The MPA programme offers a unique, multi-disciplinary approach to addressing societal challenges in the following specialisations:

- International Public Health
- Health & Life Sciences-based Policy
- Health & Life Sciences Communication
- Health & Life Sciences-based Management and Entrepreneurship

Through inter- and transdisciplinary methods, you'll collaborate with various stakeholders, including government, industry, and institutions, to develop effective policies, and innovative technologies as well as inclusive health interventions.

### **What are the Admission Requirements?**

You are eligible for direct admission to the MPA Master if you hold a Bachelor of Science degree of 180EC from a Dutch University in a health or life sciences field as listed on the website, such as the BSc in Medical Natural Sciences from the VU.

For detailed admission criteria, please visit the [admissions page](#) on our website.

### **What are my future Career Prospects?**

Graduates of the MPA programme are well-equipped for diverse career paths, including:

- Consultancy
- Business Advisor
- Entrepreneurship
- Policy Officer/Analyst
- Healthcare Professional

Embark on a journey to make a real impact in the health and life sciences sector with the MPA programme at VU Amsterdam. Apply now and become part of our MPA community!
